Conference Chair

# Welcome from the Chair

On behalf of the **Canadian Society for Civil Engineering (CSCE)** and the **Local Organizing Committee**, it is with great honor that I extend an invitation to you to attend the **2026 CSCE Annual Conference**, to be held in magnificent Quebec City from **June 3-5, 2026**.

Our theme for 2026, "**Tradition to Innovation**," has been carefully crafted to celebrate our discipline's capacity to create and adapt infrastructure, addressing today's challenges in harmony with its existing patrimonial and historical context.

The conference will provide an exciting opportunity to unite academics, researchers, and practitioners from across the nation and the globe in various fields of civil engineering. We will present, review, and debate recent achievements and innovative solutions, as well as address and define the challenges of the present and the future. This year's conference will feature specialty conferences in Structural, Transportation, Environmental, Hydrotechnical, and Materials. We invite industry professionals to take advantage of the exhibition facilities available during the conference.

We look forward to welcoming you and extending our warm hospitality.

Best Regards,  
Andre

## ABOUT QUEBEC CITY

Founded in 1608, **Quebec City**, one of the earliest cities in North America, is renowned for its rich history and vibrant culture. It is one of the few cities on the continent still encircled by stone walls, offering a rare glimpse into its past. The city is home to numerous historical landmarks, including the iconic **Château Frontenac**, the historic district of Old Quebec, and the Plains of Abraham. The conference venue, the **Centre des Congrès de Québec**, is located in the heart of Quebec City, just steps from the province's National Assembly and from major attractions. Participants can take a stroll to enjoy the magnificent views of the St. Lawrence River and explore these attractions, providing delegates and their guests ample opportunities to savor the city's unique charm.
